

INTERVIEW SUMMARY UNDER 37 CFR §1.133 AND MPEP §713.04

A telephonic interview in the above-referenced case was conducted on April 19, 2005 between the Examiner and the Applicants' undersigned representative. The Office Action mailed on February 24, 2005 was discussed. Specifically, the rejection of claim 1 in light of Allport (U.S. Patent Publication No. 2002/0135619) and the proposed amendments set forth herein were discussed with the intent to place the claims in better condition for allowance or appeal. The Applicants wish to thank the Examiner for her time and attention in this case.

REMARKS

Claims 1, 13, 16, and 17 have been amended to clarify the subject matter regarded as the invention. Claims 1 – 19 are pending.

The Examiner has rejected independent Claims 1, 13, 16, and 17 under 35 U.S.C. 102(a) as being anticipated by Allport.

The rejection is respectfully traversed. With respect to claims 1, 13, 16, and 17, Allport teaches displaying, in response to a first action with respect to a control, text that describes a function that can be invoked by performing a second action with respect to the control. See, e.g., Allport page 1, paragraph 5. The text describes the function but is not “content data that would be provided as output if the pushbutton were activated,” as recited in Claims 1, 13, 16, and 17 as amended. See, by way of example and without limitation, the present application at page 16, line 27 – page 19, line 17. Claims 1, 13, 16, and 17 are therefore believed to be allowable.

Claims 2 – 12, 18, and 19 depend from Claim 1 and Claims 14 and 15 depend from Claim 13 and are also believed to be allowable for the same reasons described above.

Reconsideration of the application and allowance of all claims are respectfully requested based on the preceding remarks. If at any time the Examiner believes that an interview would be helpful, please contact the undersigned.

Respectfully submitted,

Dated: 4/22/05
